

Radnor® X-Large White Spunbond Polypropylene Disposable Coveralls With Front Zipper Closure And Attached Hood And Boots

RADNOR

Radnor® Standard Coveralls with hood and boots have an attached hood with elastic around the face opening as well as the wrists and ankles. Attached boots for covering of footwear and a front zipper closure.

Radnor® Spunbond Polypropylene Coveralls are made from soft, breathable 100% polypropylene material. This material is resistant to rot and mildew, doesn't support bacterial growth, is non-allergenic and non-linting. This material will not flare, but will melt if exposed to open flame or high temperature substances. Radnor® polypropylene coveralls are a cost effective dry particulate barrier.

Radnor® X-Large White Spunbond Polypropylene Disposable Coveralls With Front Zipper Closure

RADNOR

Radnor® Standard spunbond polypropylene coveralls have a collared neck and a front zipper closure. The wrists and ankles are open.

Radnor® Spunbond Polypropylene Coveralls are made from soft, breathable 100% polypropylene material. “IF WE DON’T HAVE IT... IT DOESN’T EXIST”

DuPont™ 2X White 5.4 mil Tyvek® Disposable Coveralls With Front Zipper Closure, Collar, Set Sleeves And Elastic Wrists And Ankles (25 Per Case)

DuPont™ Tyvek® Series 125S Coveralls have a front zipper closure and collared neck. Elastic around the wrists and ankles with a set sleeve pattern for greater arm movement. Serged Seams.

Introducing Tyvek® with the new comfort fit design. Professionals told us what they want in a protective garment. And they all agree, garments should fit better and not limit job performance. That's why DuPont developed its Tyvek® garment with the new comfort fit design. Tyvek® garments provide the best balance of protection, durability and comfort and the new comfort fit design provides added benefits such as greater range of movement, improved mobility with more room in the back and reinforcement in high stress areas for fewer blowouts. Tyvek® is the industry standard for inexpensive, particulate resistant, disposable clothing. Made from durable spunbonded olefin to resist most hazardous dusts and provide light splash protection. Will remain effective wet or dry. Excellent for spray painting, sand blasting, asbestos removal or anywhere there is dust or dirt.
