

Elevator Pads

**PALMER CUSTOM ELEVATOR PAD
COLOR SELECTION GUIDE**

PALMER PADS

At Palmer we pride ourselves on making the finest quality elevator pads in the industry. We are the market leader in elevator pad sales, service and quality in North America.

- Same material on both sides of the pad for uniform appearance back and front making some elevator pads reversible
- Superior Core for long lasting cushioning and loft
- Rugged polyester thread throughout stands up to years of use
- 1" Zig Zag Quilting – Every stitch is knotted for better wear
- Matching heavy duty vinyl binding for good looks and extra durability on all edges

PALMTUFF® Vinyl

Deluxe Heavy Duty Vinyl

Rugged Canvas

Tough Tested

Now you can coordinate your elevators with colorful choices from Palmer Pads. With the most complete line of colors available in the industry and the largest selection of hooks and studs, you can protect your elevators just the way you want.

Colorful choices and extensive hook and stud systems are not all you get with Palmer Palmtuff® Pads. Palmer Pads have been impact tested to demonstrate their ability to stand up to the rigors of protecting your elevators. Palmer Pads conform to Rule 204.2 for passenger car enclosures and all pertinent USA, Canadian, and GSA safety codes. All Palmer Pads are flame retardant per ASTM E 84, MVSS302, UND.Lab.Standard UL94 CAN3-B44-M85 and NFPA 701.
